

## SERVICE AN ASSET

THE PLACES OF INFLUENCE GO TO MEN WITH EXPERIENCE.

## CLARK SERVED 18 YEARS

Speaker Reached Place After Years of Service—4th District Congressman on Road to Distinction.

(By VanCleve.)

Among the distinguished members who have served in the national congress the names of a few Missourians stand out conspicuously. Their names are readily recalled. But did it ever occur to you that their names are the names of men who have given long and faithful service to their country? There is Richard P. Bland, who died in the twenty-fifth year of his service in the house. There is Judge David A. DeArmond, who met a tragic death during his nineteenth year of service. There is Governor John S. Phelps, who served eighteen years and rose to be chairman of the great ways and means committee, excepting Roger Q. Mills of Texas, the only man west of the Mississippi river who ever attained that distinction. Then there is Governor Dockery, who served eighteen years and became chairman of the appropriations committee, now equal in rank to the ways and means committee.

Excepting Mr. Henderson of Iowa, Missouri has also furnished the only speaker of the house to come from west of the Mississippi, which honor came to the present speaker after a service of eighteen years. In paying tribute to the life of Judge DeArmond, Champ Clark had this to say:

"The high places to which Phelps, Bland and DeArmond rose in both the house and the country is another illustration of the value of long service—value not only to themselves, but to their constituencies and to the entire republic.

"Men should not be sent hither simply to gratify their own personal ambitions but because they can be of service, and having proved that they are of service, wisdom dictates that they should be kept so long as they continue to be of service; and it may be confidently asserted that the value of the services of a man of capacity, character, industry, and good habits increases in exact proportion to his length of service. New England understands this thoroughly. So do the cities of Philadelphia and Pittsburg. When a representative from any of those places demonstrates his fitness here, he is retained until he retires, dies or is promoted. Five times in succession Philadelphia has had the distinguished honor of furnishing the 'father of the house'—Kelly, Randall O'Neill, Harmer and Bingham. Should General Bingham, the present 'father of the house,' for any reason cease to be a member, the title of 'father of the house' would pass to still another Pennsylvanian, my friend the Hon. John Dalzell. These facts should furnish much food for thought to every constituency in the land."

Since the influence of such men as Mr. Clark has described increases, and their power to serve their constituency well increases, with the length of their service, it is well to remember that the Fourth district has in Charles F. Booher "a man of capacity, character, industry and good habits." He has been giving remarkably good service, and it will be the part of wisdom to retain him in office while he is able to continue that good service.

Blind Widow of Charles Saunders Arrived in Maryville Monday a Bride.

Mrs. Charles F. Saunders, the blind street singer of Maryville, who was bereaved of her blind husband about a year ago, arrived in Maryville Monday morning on the 10:52 Wabash, looking very happy.

She was accompanied by her new husband, Wilbur Rumsey of Cadokah, S. D., to whom she was married at Neeley, Neb., on June 14th last.

They went at once to her comfortable home, near the Wabash depot, and looked as happy as could be when the bride led him around the porch to the door.

"He was my old schoolmate," she said as she got off the bus.

"Do they know where you live," he said to her as the bus left the depot. "Oh, yes," she said. "They always take me right home, and we will find things just as I left them. We have the best neighbors, and nothing has ever been stolen from the place. Don't you worry about a thing."

People on the bus who got off the train with them said that the bride sang several songs on the train, and that he accompanied her very well on the violin. But they did not know they were bride and groom or they would have paid particular attention to them.

Mrs. Rumsey has two or three little children, but they are not with her at present.

## SHE GOT THE WRONG LEWIS.

An Occurrence Which Happened Last Week, When a Young Woman Made a Mistake.

This really happened: The other day a very nice sounding voice called the First National bank over the phone and asked to speak with Mr. Lewis. The gentleman responded and was told by the nice voice that she was a friend of his, and as she was going to be in town a little while she would like to talk with him a few minutes in the Linville parlors if he could spare the time.

Of course, Mr. Lewis could spare the time, and he went. A very nice appearing young woman was seated in the parlors, but as she was a total stranger to Mr. Lewis and he, apparently, a stranger to her, he sat down and waited for his friend to appear.

Time wore on and so did Mr. Lewis' nerves, for business at the bank was pressing. Finally he said: "Beg pardon, but did you hear a lady call here for Lewis at the First National bank?"

The young woman colored perceptibly and answered: "Yes, sir. I did."

"Well, I am Mr. Lewis. You wished to speak with me?" with much astonishment.

"Oh—why—I—Oh, I—am you—Oh, I wanted to talk with Mr. Fred Lewis." "Fred Lewis is my son. He is with the Nodaway Valley bank. I am his father, M. A. Lewis, at the First National."

"Exit."

## LEFT THREE BEHIND

LIEUTENANT AND CORPORALS REMAINED FOR RIFLE SHOOT.

## THEY SAW THE GOVERNOR

Friday Governor Reviewed Troops, Co. F Taking Part in Six-Mile Hike and Sham Battle.

Company F of Maryville, which has been in camp for military instructions at Nevada, Mo., returned home Sunday evening. Three of the members of the company—Lieut. Charles and Corporals John Ross and Charles Still—remained at Nevada and will take part in the rifle team shoot there this week.

All of the boys had a good time at the camp. While the days were very hot the nights were very cool, it being necessary to sleep under the blankets. Ten o'clock was the time to retire at night, and 5 o'clock in the morning the getting up time, and after taking a shower bath the boys say they were wideawake for breakfast.

In the evenings all of the boys in camp, about 1,500, grouped themselves in front of their tents and gave popular songs, such as "Jesus, Lover of My Soul," "My Old Kentucky Home," "I Want a Girl Just Like the Girl That Married Dear Old Dad," "Casey Jones," "Who Hit Papa in the Eye With a Biscuit," which certainly made the evenings go by quickly.

Company F was out in battle array Friday morning, and after a six-mile hike and a sham battle, in which they didn't participate, because they didn't see a thing to shoot at, they halted pitched dog tents, and each man fried two slices of bacon, some potatoes and boiled some coffee in a tin cup. Some of the boys singed their eyebrows and scorched their fingers, but worst of all, "Major" Herschel Conklin burned up his entire mess kit.

Also on Friday the company was reviewed by Governor Hadley. Orders were given us to break camp on Saturday evening at 6:30, and we left for home soon after.

## Camp Notes.

Bugler Wilson blew so hard on his bugle that he stretched it, and it required a prop under one end to hold it up when he blew the calls. The chief commissary issued him two new bugles on the strength of it.

Sergeant Ray went to town Friday evening and Major Conklin, who was with him, ran three-quarters of a mile to tell us that the pickets on the regulars' guard line had held Sergeant Ray up, and with tears in his eyes begged First Sergeant DeMotte to go and get him. But the major's tears were soon dried when Sergeant Ray appeared safe and sound.

Our two cooks behaved fine, with the exception of Monday night, when they were annoyed by strange sounds which they couldn't locate, their blankets stolen, cloths thrown on their tent, and after drawing their beds to the center of the tent they made terrible blood thirsty threats with Sergeant Ray's gun loaded with a blank, as to what they would do if they got a shot at the guilty offender. However, not being sure whether or not the offenders were human, they refused to venture out and remained awake until the guard came along and made them start breakfast.

First Lieut. Bennett is official company photographer, but he broke his camera today when he took a picture of the boys while going through "feet inspection."

### A MEASUREMENT OF MERIT.

Maryville Citizens Should Weigh Well This Evidence.

Proof of merit lies in the evidence. Convincing evidence in Maryville. Is not the testimony of strangers. But the endorsement of Maryville people.

That's the kind of proof given here—the statement of a Maryville citizen. J. A. Murphy, 805 East Fourth street, Maryville, Mo., says: "I suffered considerably from kidney trouble and lumbago. I got up in the morning so stiff and lame, with such a dull aching across my loins that I could hardly do my work. I suffered a great deal from kidney trouble whenever I caught cold, and the kidney secretions were dark and filled with sediment. My health failed and I was miserable, when I read about Doan's Kidney Pills. I got a box of this remedy at Love's drug store (now Love & Gaugh's drug store), and it went at once to the seat of my trouble and corrected it."

#### Kept an Open House.

Master Clyde Hutton kept an open house Saturday night to any and all of his friends who wanted to get in out of the rain. The gathering started with four or five present, but additions in twos and four finally brought the number up to fifteen.

The evening was spent in a nine-handed game of noney. The limit was set at five raps each, so if you saw any red noses Sunday you may know that the cause was forty-hard raps with the pasteboards. The evening was enlivened when one of the spectators sought to join the swatting and used a club. He was punished with ninety-nine blows, all on the tip end of his nose.

Refreshments were served by the host, assisted by Edward Graf. The food was good, and there was variety to it, for it had been brought by the different guests. In consisted of two gallons of coco-cola, one cake, one dozen cookies, three quarts ice cream and 25 cents worth of salted peanuts. Nothing was left but a few peanuts.

Those present were Clyde Hutton, Don Aldrich, Harry Lyle, Hosick Holmes, Cecil Sheldon, Robert Wells, Herschel Colbert, Andrew Thompson, Louis DeHart, Edward Gray, Edwin Goodspeed, Bert Luppold, Harry Epperson and Regnier Shoup of St. Joseph.

### STRIKE LEADER LIVED HIGH

DRANK CHAMPAGNE WHILE FAMILIES STARVED.

Secretary of London Dock Workers Severely Criticized for His Act—Losing Faith of Followers.

London, July 22.—Whether a labor leader has any business drinking champagne while the wives and children of the men whom he and his associates have ordered to quit work are starving is a question that is agitating the London labor world.

One night at the height of the strike Ben Tillott, secretary of the Dockers' union, organizer of the Transport Workers' Federation, and hitherto one of the most influential as well as successful labor leaders in the country, was seen drinking champagne and smoking a big cigar at Frascati's, cafe largely patronized by London's smart set. Next morning one of the newspapers duly chronicled the fact.

Tillott promptly admitted the dinner, the champagne, and the cigar. But he contended that any laborer was entitled to dine and wine sumptuously and smoke good cigars—if he could. He claims to have accepted the hospitality of a reporter who ostensibly was eager to get some news of the strike development, but whose real purpose was to embarrass him. That statement was vigorously disputed by the editor of the paper.

But whether or not Tillott was the victim of the trick, he has undeniably lost prestige among his followers, and even his staunchest friends feel that he committed a tactical blunder, if nothing more. Many of the transport workers were opposed to the strike from the start, and only responded to the call of their leaders from a sense of loyalty, so that the Frascati incident has served to crystallize a sentiment which gradually has been forming against Tillott.

## USED BABIES IN BLACKMAIL PLOT

New Methods of Working Old Game Exposed in Chicago.

### VICTIM A WEALTHY CONTRACTOR

Young Woman Borrowed Two Different Infants in Effort to Force Employer to Marry Her—Implicated a Physician Also.

Chicago, July 22.—A far-reaching blackmailing plot devised by a woman and in which "borrowed" babies played a part, came to light in the further confessions of Miss Rose Moody in the state attorney's office. In her scheme to place the fatherhood of a baby upon her former employer, J. H. McNeely, a wealthy caterer, Miss Moody, whose real name is said to be Reedy, used two babies, neither of which, according to her confession, was her own. She demanded \$3,500 from McNeely.

**Parents Took Back Child.** The first baby used by Miss Moody belonged to Mr. and Mrs. Alfred Keyes. When the parents refused further to allow their baby to be implicated in a plot they knew to be of questionable character, but of which, according to their statements to the assistant state's attorney, Mr. Fetzer, they did not know the real blackness, the young woman procured another infant.

Miss Moody implicated Dr. Thomas I. Balhatchett, whom she said was the sponsor of the whole scheme. He denies that he acted further than in the regular capacity of a physician.

### Borrows Another Child.

When the Keyes refused to allow their baby to be used as the innocent victim Miss Moody says she obtained another through Dr. Balhatchett. At any rate, she was shadowed, in an exciting chase which led through alleys, stores, vacant lots and apartment houses to a house on Sixty-third street, the location of which was kept secret by the state attorney's office.

### Cruel to Infant.

The second baby was called John Henry Moody, being named after its supposed father, McNeely. It was only a few months old. It suffered innumerable cruelties while there, according to the statements of a woman detective. The charge was said to be true by Miss Moody in her confession.

The girl did not go to live at the Moren place until July 2, although she had boasted of the plot while living at 4641 North Clark street. Immediately after her arrival she went out to get her new baby, asking Mrs. Keyes for the dress which she had made or bought for the Keyes baby earlier. That, it is said, was to give the second infant the semblance of being the same child previously passed off as hers.

### POSTOFFICE ROW AT ATCHISON

Newspaper Man Files Charges Against Postmaster for Tampering With Personal Mail.

Atchison, Kan., July 22.—Charges of flagrant violation of postal regulations were filed against Postmaster Casey of Atchison by Eugene Pulliam, editor of the Atchison Daily Champion. Mr. Pulliam charges that his private mail has been tampered with in the local postoffice and that an affidavit addressed to the third assistant postmaster general and containing a statement of the Champion's circulation was held up, photographed and given to the Globe, the Champion's competitor.

The Champion demands a full investigation of the charges. Mr. Pulliam also made a personal demand by telegraph on Postmaster General Hitchcock for an immediate investigation.

### Arrest 100 in Korean Plot.

## CONGRESS WILL HAVE BUSY WEEK

Removal of Tariff as Issue Will Hasten Proceedings.

### ALL EAGER FOR ADJOURNMENT

Some of the Most Important Work of Present Session Will be Accomplished—Closing Date Depends on Archbald Case.

Washington, July 22.—The removal of the tariff as an issue in congress before the end of the week will mark an important step in the progress toward an early adjournment of the present session. Agreements for votes on the leading tariff bills, coupled with understandings that other important legislation either will be disposed of or hastened toward action, indicate that the week will embrace some of the most important work of the session.

### Lack of Funds Delays Work.

Failure of congress to agree on the appropriation bills which should have been passed before July 1 has seriously embarrassed many of the government departments. Pressure has been brought to bear on house and senate during the last week to dispose of the pending measures, and it is expected that much progress will be made in the next three days. The agricultural and naval bills are still in conference. Failure to act on the postoffice appropriation bill has seriously retarded work in that department, it is claimed.

The first of the week will be devoted, it is expected, to the completion of the sundry civil appropriation bill and debate on the Panama canal administration bill in the senate. The Democratic wool tariff bill will be voted on Thursday, the excise tax bill Friday and the sugar tariff bill Saturday.

### Adjournment by August 15.

Predictions as to the probable date of adjournment still hinge on the senate's disposition of the impeachment of Judge Robert W. Archbald of the commerce court. If the wishes of the majority of the senate prevail, and the trial goes over until November or December, it is expected that legislation can be hastened so that an adjournment may be reached August 10 or August 15.

The house will be called upon during the week to vote on the report of its elections committee, recommending that Representative Theron C. Catlin of Missouri be ousted because too much money was spent by his relatives in his election. Democrats of the house are expected to support the committee report.

### Booher's Home Endorsement.

At the primaries in August, 1910, Hon. M. G. Moran, Hon. William E. Spratt and Charles F. Booher were the candidates for congress. Hon. M. G. Moran is one of the ablest orators in the state. Hon. Wm. E. Spratt is an able Democrat, was twice elected mayor of St. Joseph, and, like Moran, had many personal friends and acquaintances among the Democrats in Andrew county. However, everybody in Andrew county was well acquainted with Charley Booher, and among the Democrats who went to the polls in the entire county only thirty-one were willing to vote for either Moran or Spratt, notwithstanding each had a large personal acquaintance. Every Democrat who went to the polls at the primary in Andrew county in 1910 except thirty-one, voted for Mr. Booher.

If Mr. Booher had not been a big hearted, kind, generous gentleman of the best character and habits; if he had ever been guilty of an unmanly act; if his public and private life had not been above reproach; if he had ever been unjust to friend or foe; and certainly as an active Democrat who had been in politics all his life, if he had ever failed to support any Democratic nominee or been disloyal to his party there would have been more than thirty-one Democrats in the entire county willing to vote for either Moran or Spratt.

The Democrat insists that no public man in any political party in these United States ever had such an endorsement from his neighbors when he had opposing candidates against him of high character and ability. This alone is a complete answer to all that can be said against Mr. Booher. This race attracted attention among Mr. Booher's associates in congress and all agreed that it was worth the labors of a life time. It is not believed that thirty-one Democrats can be found in Andrew county who will vote against him at the primaries on August 6, 1912.—Savannah Democrat.—(Adv.)

## HIGH WINDS SWEEP COAST

Caused Heavy Damage and Loss of Life at Many Points.

### ATLANTIC CITY HAS TORNADO

Wind Picked Up Temporary Convention Hall and Smashed it Down in Private Garden—Bellevue Hospital Dark.

New York, July 22.—Severe rainstorms accompanied by high winds in some localities and involving loss of life at widely separated points, swept all New England down the coast as far as the Virginia capes and westward to Pittsburg.

At Wilmington, Del., two persons were drowned; in New York a man was drowned on the roof of a 12 story building and in Pittsburg one man met death.

All told thousands of dollars worth of property was destroyed by the unexpected storm.

In Atlantic City a miniature tornado swept the resort from six to seven o'clock, attaining a velocity of 60 miles an hour.

### Many Injured.

Many persons were injured and others had narrow escapes. The gale played havoc with shipping in general, the beach front, trees, windows, awnings, shutters and doors. Mayor Riddle and his family were caught up in the thoroughfare in their cruiser but managed to reach shore safely. The Hotelmen's association suffered the heaviest loss when the tornado swept under a huge temporary convention hall on the million dollar pier, lifted it bodily and hurled the debris on the Venetian villa of Capt. John L. Young, half way out to the end of the pier.

Venetian statues about the gardens of the villa were all destroyed and the garden itself torn up. Timely assistance rendered by the Atlantic City life saving crew averted a catastrophe just above the inlet when a party on the launch Marie Wawa were stalled in the worst part of the current by a balky engine.

The heavy downpour put Bellevue hospital in darkness at 8 o'clock at night and lightning made a spectacular display in Jamaica, killing one horse.

In addition to the death of one man in Pittsburg the trolley lines were forced to suspend operation, railroads were washed out and many basements flooded.

### Yachts Were Capsized.

Baltimore, Md., July 22.—A furious wind storm accompanied by a deluge of rain, swept over western and northern Maryland late in the evening. In Baltimore houses were unroofed, shutters ripped off, skylights and window sashes blown in and trees uprooted.

On the Patapsco river and in the bay several yachts and other sailing crafts were capsized. It is reported that several persons were drowned.

Crops on the truck farms in Baltimore and Anne Arundel counties were washed out, causing heavy losses to the farmers.

In Carroll and Washington counties and in Cecil county and suburbs of this city the wind blew with velocity of a tornado.

### CHAUTAUQUAS FUSS OVER BRYAN

Nebraskan Withdrawn From Missouri Program—Division of Opinion Causes Friction.

Montgomery, Mo., July 22.—A telegram from the managers of the Redpath Chautauqua bureau to the local paper here authorizes the erasure of the name of W. J. Bryan from the program to be given here in August. Last week when the program came with Mr. Bryan's name as one of the speakers it created quite a furor in this part of Mr. Clark's home district, and the local committee sent a request that Mr. Bryan be eliminated as one of the attractions at the big Chautauqua here. A great many claim that Bryan would be a greater drawing card now than ever and want the local committee to reconsider and request that Bryan be sent in spite of the criticism that followed the Baltimore convention.

### Oklahoma Girl to Fly.

Guthrie, Ok., July 22.—Miss Marguerite Barringer, daughter of Mrs. William Barringer is to become a professional aeronaut. She made her debut at the new aviation field at Hempstead, N. Y., during the past week, when she took several miles flight with George W. Beatty, a Wright student.

### Loved Film Heroine.

Omaha, July 22.—An insane love for the heroine of a moving picture drama is said to have driven Fred Anderson, 75 years old, to suicide. Anderson, whose home is at Wahoo, a suburb of this city, was found dead from illuminating gas.

### Caught in a Hay Baler.

Phillipsburg, Kan., July 22.—While baling alfalfa the 10-year-old son of Gear Swim, a farmer, was caught in the machine and one leg was so badly torn that amputation may be necessary.

### HERMAN ROSENTHAL.

New York gambler informer, who was shot to death in the midst of a great Broadway crowd. It is said the police department is more or less involved in the matter.

### WILL REMOVE WARTIME RELIC

COURTHOUSE AT CASSVILLE OLD EST IN MISSOURI.

New Building Will Take Place of One Used by Confederate Legislature in 1861.

Cassville, Mo., July 22.—By voting bonds for \$40,000 to which will be added a bonus of \$10,000 collected by the citizens of Cassville, Barry county is to have a new courthouse and the old building, which is a relic of the Civil war, will pass into history.

The old courthouse was used by both the Union and Confederate armies. The building was first used by the Confederates as a meeting place for the legislature which was convened here October 31, 1861, after being driven out of Neosho by the approach of the Federal army.

It was at this session the state was seceded from the Union and much other important business was transacted. The articles of secession were written and introduced by the late Senator George Graham Vest.

During the meeting of the legislature the command of Gen. Sterling Price was stationed on Fort Hill, on which is now located the Cassville high school building.

The old courthouse is perhaps the oldest one in the state, having been constructed in 1854. At this time the building was composed of but two stories. A third story was added later. The courthouse was used by Federal troops, after having been occupied by the Confederates, for a storeroom and later turned into a fort, logs being rolled at the outer edge of the yard. Portholes also were cut in the building. The Federals, with a large force, controlled the town, which was a gateway into Arkansas and the South.

### MRS GRACE FACES HER ACCUSER

Trial of Atlanta Woman for Shooting Her Husband Promises to be Sensational.

Atlanta, Ga., July 22.—What promises to be one of the most sensational trials ever held in this city opened today when Mrs. Daisy Ulrich Opie Grace was brought into court charged with shooting her husband, Eugene H. Grace, on March 5th last, as he lay asleep in his home in this city.

A feature of the trial is the presence of the accusing husband, who sits in the courtroom in an invalid chair, with the lower part of his body paralyzed, aiding in the prosecution of his wife, who, he says, shot him to obtain \$7,000 insurance he had taken out on his life for her benefit. The circumstances surrounding this strange case give it a romantic air of mystery.

### TWO INJURED IN HIGH DIVING

St. Joseph Boy, With Back Broken, Expected to Recover—Friend Jumped Into Shallow Water.

St. Joseph, Mo., July 22.—With his back broken as a result of a dive into a pond, Howard Million, 20 years old, is expected to recover. The young man was seeing how high he could dive and in his efforts to get to a greater height than his companions, climbed into the branch of a tree. On his last jump he miscalculated the distance and hit head first into a mud bank. An X-ray examination located the fracture and an operation was performed.

By a peculiar coincidence at the same hospital is Norman Mueller, who broke his neck when he dived into shallow water and struck his head against the bottom.

### Big Keokuk Dam Closed.

Keokuk, Ia., July 22.—The last gap in the construction of the Mississippi Power company's dam across the river at this place was closed and for the first time in its history the Mississippi is throttled at one of its widest points. The last crib for the foundation of the cement work was completed against the Iowa side of the project.

## SERVICE AN ASSET

THE PLACES OF INFLUENCE GO TO MEN WITH EXPERIENCE.

## CLARK SERVED 18 YEARS

Speaker Reached Place After Years of Service—4th District Congressman on Road to Distinction.

(By VanCleve.)

Among the distinguished members who have served in the national congress the names of a few Missourians stand out conspicuously. Their names are readily recalled. But did it ever occur to you that their names are the names of men who have given long and faithful service to their country? There is Richard P. Bland, who died in the twenty-fifth year of his service in the house. There is Judge David A. DeArmond, who met a tragic death during his nineteenth year of service. There is Governor John S. Phelps, who served eighteen years and rose to be chairman of the great ways and means committee, excepting Roger Q. Mills of Texas, the only man west of the Mississippi river who ever attained that distinction. Then there is Governor Dockery, who served eighteen years and became chairman of the appropriations committee, now equal in rank to the ways and means committee.

Excepting Mr. Henderson of Iowa, Missouri has also furnished the only speaker of the house to come from west of the Mississippi, which honor came to the present speaker after a service of eighteen years. In paying tribute to the life of Judge DeArmond, Champ Clark had this to say:

"The high places to which Phelps, Bland and DeArmond rose in both the house and the country is another illustration of the value of long service—value not only to themselves, but to their constituencies and to the entire republic.

"Men should not be sent hither simply to gratify their own personal ambitions but because they can be of service, and having proved that they are of service, wisdom dictates that they should be kept so long as they continue to be of service; and it may be confidently asserted that the value of the services of a man of capacity, character, industry, and good habits increases in exact proportion to his length of service. New England understands this thoroughly. So do the cities of Philadelphia and Pittsburg. When a representative from any of those places demonstrates his fitness here, he is retained until he retires, dies or is promoted. Five times in succession Philadelphia has had the distinguished honor of furnishing the 'father of the house'—Kelly, Randall O'Neill, Harmer and Bingham. Should General Bingham, the present 'father of the house,' for any reason cease to be a member, the title of 'father of the house' would pass to still another Pennsylvanian, my friend the Hon. John Dalzell. These facts should furnish much food for thought to every constituency in the land."

Since the influence of such men as Mr. Clark has described increases, and their power to serve their constituency well increases, with the length of their service, it is well to remember that the Fourth district has in Charles F. Eoher "a man of capacity, character, industry and good habits." He has been giving remarkably good service, and it will be the part of wisdom to retain him in office while he is able to continue that good service.

## HAS ANOTHER BLIND HUSBAND.

Blind Widow of Charles Saunders Arrived in Maryville Monday a Bride.

Mrs. Charles F. Saunders, the blind street singer of Maryville, who was bereaved of her blind husband about a year ago, arrived in Maryville Monday morning on the 10:52 Wabash, looking very happy.

She was accompanied by her new husband, Wilbur Rumsey of Cadokah, S. D., to whom she was married at Neeley, Neb., on June 14th last.

They went at once to her comfortable home, near the Wabash depot, and looked as happy as could be when the bride led him around the porch to the door.

"He was my old schoolmate," she said as she got off the bus.

"Do they know where you live," he said to her as the bus left the depot. "Oh, yes," she said. "They always take me right home, and we will find things just as I left them. We have the best neighbors, and nothing has ever been stolen from the place. Don't you worry about a thing."

People on the bus who got off the train with them said that the bride sang several songs on the train, and that he accompanied her very well on the violin. But they did not know they were bride and groom or they would have paid particular attention to them.

Mrs. Rumsey has two or three little children, but they are not with her at present.

Orders for Tents at Chautauqua Park Coming in and it Will Be a Veritable City of Tents.

Mr. Barker was in the city Sunday in consultation with Manager P. O. Landon, and told him that this tent had been used only twice, once in Oklahoma and the second time in Peoria, Ill., and this would be the third time for the new tent. Mr. Barker will be at the Chautauqua the entire week personally in charge of the big tent, which is 160 feet by 210 feet. Heretofore the tent used at the Chautauqua here was 140 by 170.

Mr. Barker is the man who built the platform and stage for the big Johnson-Flynn fight on the Fourth of July at New Mexico.

Manager Landon stated that more campers would be at the Chautauqua park than ever before. A large number have ordered tents, and if anybody desires one they had better send in their order at once.

## SHE GOT THE WRONG LEWIS.

An Occurrence Which Happened Last Week, When a Young Woman Made a Mistake.

This really happened: The other day a very nice sounding voice called the First National bank over the phone and asked to speak with Mr. Lewis. The gentleman responded and was told by the nice voice that she was a friend of his, and as she was going to be in town a little while she would like to talk with him a few minutes in the Linville parlors if he could spare the time.

Of course, Mr. Lewis could spare the time, and he went. A very nice appearing young woman was seated in the parlors, but as she was a total stranger to Mr. Lewis and he, apparently, a stranger to her, he sat down and waited for his friend to appear.

Time wore on and so did Mr. Lewis' nerves, for business at the bank was pressing. Finally he said:

"Beg pardon, but did you hear a lady call here for Lewis at the First National bank?"

The young woman colored perceptibly and answered:

"Yes, sir. I did."

"Well, I am Mr. Lewis. You wished to speak with me?" with much astonishment.

"Oh—why—I—Oh, I—am you—Oh, I wanted to talk with Mr. Fred Lewis."

"Fred Lewis is my son. He is with the Nodaway Valley bank. I am his father, M. A. Lewis, at the First National."

## LEFT THREE BEHIND

LIEUTENANT AND CORPORALS REMAINED FOR RIFLE SHOOT.

## THEY SAW THE GOVERNOR

Friday Governor Reviewed Troops, Co. F Taking Part in Six-Mile Hike and Sham Battle.

Company F of Maryville, which has been in camp for military instructions at Nevada, Mo., returned home Sunday evening. Three of the members of the company—Lieut. Charles and Corporals John Ross and Charles Still—remained at Nevada and will take part in the rifle team shoot there this week.

All of the boys had a good time at the camp. While the days were very hot the nights were very cool, it being necessary to sleep under the blankets. Ten o'clock was the time to retire at night, and 5 o'clock in the morning the getting up time, and after taking a shower bath the boys say they were wideawake for breakfast.

In the evenings all of the boys in camp, about 1,500, grouped themselves in front of their tents and gave popular songs, such as "Jesus, Lover of My Soul," "My Old Kentucky Home," "I Want a Girl Just Like the Girl That Married Dear Old Dad," "Casey Jones," "Who Hit Papa in the Eye With a Biscuit," which certainly made the evenings go by quickly.

Company F was out in battle array Friday morning, and after a six-mile hike and a sham battle, in which they didn't participate, because they didn't see a thing to shoot at, they halted pitched dog tents, and each man fried two slices of bacon, some potatoes and boiled some coffee in a tin cup. Some of the boys singed their eyebrows and scorched their fingers, but worst of all, "Major" Herschel Conklin burned up his entire mess kit.

Also on Friday the company was reviewed by Governor Hadley. Orders were given us to break camp on Saturday evening at 6:30, and we left for home soon after.

## Camp Notes.

Bugler Wilson blew so hard on his bugle that he stretched it, and it required a prop under one end to hold it up when he blew the calls. The chief commissary issued him two new bugles on the strength of it.

Sergeant Ray went to town Friday evening and Major Conklin, who was with him, ran three-quarters of a mile to tell us that the pickets on the regulars' guard line had held Sergeant Ray up, and with tears in his eyes begged First Sergeant DeMotte to go and get him. But the major's tears were soon dried when Sergeant Ray appeared safe and sound.

Our two cooks behaved fine, with the exception of Monday night, when they were annoyed by strange sounds which they couldn't locate, their blankets stolen, cloths thrown on their tent, and after drawing their beds to the center of the tent they made terrible blood thirsty threats with Sergeant Ray's gun loaded with a blank, as to what they would do if they got a shot at the guilty offender. However, not being sure whether or not the offenders were human, they refused to venture out and remained awake until the guard came along and made them start breakfast.

First Lieut. Bennett is official company photographer, but he broke his camera today when he took a picture of the boys while going through "feet inspection."

#### A MEASUREMENT OF MERIT.

Maryville Citizens Should Weigh Well This Evidence.

Proof of merit lies in the evidence. Convincing evidence in Maryville. Is not the testimony of strangers. But the endorsement of Maryville people.

That's the kind of proof given here—The statement of a Maryville citizen. J. A. Murphy, 805 East Fourth street, Maryville, Mo., says: "I suffered considerably from kidney trouble and lumbago. I got up in the morning so stiff and lame, with such a dull aching across my loins that I could hardly do my work. I suffered a great deal from kidney trouble whenever I caught cold, and the kidney secretions were dark and filled with sediment. My health failed and I was miserable, when I read about Doan's Kidney Pills. I got a box of this remedy at Love's drug store (now Love & Gaugh's drug store), and it went at once to the seat of my trouble and corrected it."

#### Kept an Open House.

Master Clyde Hutton kept an open house Saturday night to any and all of his friends who wanted to get in out of the rain. The gathering started with four or five present, but additions in twos and fours finally brought the number up to fifteen.

The evening was spent in a nine-handed game of noney. The limit was set at five raps each, so if you saw any red noses Sunday you may know that the cause was forty-hard raps with the pasteboards. The evening was enlivened when one of the spectators sought to join the swatting and used a club. He was punished with ninety-nine blows, all on the tip end of his nose.

Refreshments were served by the host, assisted by Edward Graf. The food was good, and there was variety to it, for it had been brought by the different guests. In consisted of two gallons of coco-cola, one cake, one dozen cookies, three quarts ice cream and 25 cents worth of salted peanuts. Nothing was left but a few peanuts.

Those present were Clyde Hutton, Don Aldrich, Harry Lyle, Hosick Holmes, Cecil Sheldon, Robert Wells, Herschel Colbert, Andrew Thompson, Louis DeHart, Edward Gray, Edwin Goodspeed, Bert Luppold, Harry Epperson and Regnier Shoup of St. Joseph.

### STRIKE LEADER LIVED HIGH

DRANK CHAMPAGNE WHILE FAMILIES STARVED.

Secretary of London Dock Workers Severely Criticized for His Act—Losing Faith of Followers.

London, July 22.—Whether a labor leader has any business drinking champagne while the wives and children of the men whom he and his associates have ordered to quit work are starving is a question that is agitating the London labor world.

"One night at the height of the strike Ben Tillott, secretary of the Dockers' union, organizer of the Transport Workers' Federation and hitherto one of the most influential as well as successful labor leaders in the country, was seen drinking champagne and smoking a big cigar at Frascati's, cafe largely patronized by London's smart set. Next morning one of the newspapers duly chronicled the fact.

Tillott promptly admitted the dinner, the champagne, and the cigar. But he contended that any laborer was entitled to dine and wine sumptuously and smoke good cigars—if he could. He claims to have accepted the hospitality of a reporter who ostensibly was eager to get some news of the strike development, but whose real purpose was to embarrass him. That statement was vigorously disputed by the editor of the paper.

But whether or not Tillott was the victim of the trick, he has undeniably lost prestige among his followers, and even his staunchest friends feel that he committed a tactical blunder. If nothing more. Many of the transport workers were opposed to the strike from the start, and only responded to the call of their leaders from a sense of loyalty, so that the Frascati incident has served to crystallize a sentiment which gradually has been forming against Tillott.

## USED BABIES IN BLACKMAIL PLOT

New Methods of Working Old Game Exposed in Chicago.

### VICTIM A WEALTHY CONTRACTOR

Young Woman Borrowed Two Different Infants in Effort to Force Employer to Marry Her—Implicated a Physician Also.

Chicago, July 22.—A far-reaching blackmailing plot devised by a woman and in which "borrowed" babies played a part, came to light in the further confessions of Miss Rose Moody in the state attorney's office.

In her scheme to place the fatherhood of a baby upon her former employer, J. H. McNeely, a wealthy caterer, Miss Moody, whose real name is said to be Reedy, used two babies, neither of which, according to her confession, was her own. She demanded \$3,500 from McNeely.

### Parents Took Back Child.

The first baby used by Miss Moody belonged to Mr. and Mrs. Alfred Keyes. When the parents refused further to allow their baby to be implicated in a plot they knew to be of questionable character, but of which, according to their statements to the assistant state's attorney, Mr. Fetzner, they did not know the real blackness, the young woman procured another infant.

Miss Moody implicated Dr. Thomas J. Balhatchett, whom she said was the sponsor of the whole scheme. He denies that he acted further than in the regular capacity of a physician.

### Borrows Another Child.

When the Keyes refused to allow their baby to be used as the innocent victim Miss Moody says she obtained another through Dr. Balhatchett. At any rate, she was shadowed, in an exciting chase which led through alleys, stores, vacant lots and apartment houses to a house on Sixty-third street, the location of which was kept secret by the state attorney's office.

### Cruel to Infant.

The second baby was called John Henry Moody, being named after its supposed father, McNeely. It was only a few months old. It suffered innumerable cruelties while there, according to the statements of a woman detective. The charge was said to be true by Miss Moody in her confession.

The girl did not go to live at the Moren place until July 2, although she had boasted of the plot while living at 4641 North Clark street. Immediately after her arrival she went out to get her new baby, asking Mrs. Keyes for the dress which she had made or bought for the Keyes baby earlier. That, it is said, was to give the second infant the semblance of being the same child previously passed off as hers.

### POSTOFFICE ROW AT ATCHISON

Newspaper Man Files Charges Against Postmaster for Tampering With Personal Mail.

Atchison, Kan., July 22.—Charges of flagrant violation of postal regulations were filed against Postmaster Casey of Atchison by Eugene Pulliam, editor of the Atchison Daily Champion. Mr. Pulliam charges that his private mail has been tampered with in the local postoffice and that an affidavit addressed to the third assistant postmaster general and containing a statement of the Champion's circulation was held up, photographed and given to the Globe, the Champion's competitor.

The Champion demands a full investigation of the charges. Mr. Pulliam also made a personal demand by telegraph on Postmaster General Hitchcock for an immediate investigation.

### HOME AFTER HIKE TO PORTLAND

Three Young Missouri Elks Return by Train After Walking a Distance of 2,223 Miles.

Brookfield, Mo., July 22.—The three young members of the Elks lodge of this place, Herman F. Clark, Fred S. Lyon and Cecil D. Stone, who left here April 30 and walked 2,223 miles to Portland, Ore., to attend the annual B. P. O. E. convention, have just arrived home. They walked into Portland on July 3, were entertained during the convention and were furnished with return transportation by rail.

### Club on Current River.

Springfield, Mo., July 22.—The Shannon County Hunting and Fishing club filed application with the circuit court here for incorporation. The club will erect a home on the Current river. The following are the officers of the organization: Oscar Woodruff, president; B. B. Jones, secretary, and M. C. Baker, treasurer. All the men live in Springfield.

### Arrest 100 in Korean Plot.

Seoul, Korea, July 22.—More than one hundred Koreans have been arrested by the Russian authorities in connection with an alleged plot to assassinate Prince Katsura when the Japanese premier passed through that Manchurian city on his way to St. Petersburg.

## CONGRESS WILL HAVE BUSY WEEK

Removal of Tariff as Issue Will Hasten Proceedings.

### ALL EAGER FOR ADJOURNMENT

Some of the Most Important Work of Present Session Will be Accomplished—Closing Date Depends on Archbald Case.

Washington, July 22.—The removal of the tariff as an issue in congress before the end of the week will mark an important step in the progress toward an early adjournment of the present session. Agreements for votes on the leading tariff bills, coupled with understandings that other important legislation either will be disposed of or hastened toward action, indicate that the week will embrace some of the most important work of the session.

### Lack of Funds Delays Work.

Failure of congress to agree on the appropriation bills which should have been passed before July 1 has seriously embarrassed many of the government departments. Pressure has been brought to bear on house and senate during the last week to dispose of the pending measures, and it is expected that much progress will be made in the next three days. The agricultural and naval bills are still in conference. Failure to act on the postoffice appropriation bill has seriously retarded work in that department, it is claimed.

The first of the week will be devoted, it is expected, to the completion of the sundry civil appropriation bill and debate on the Panama canal administration bill in the senate. The Democratic wool tariff bill will be voted on Thursday, the excise tax bill Friday and the sugar tariff bill Saturday.

### Adjournment by August 15.

Predictions as to the probable date of adjournment still hinge on the senate's disposition of the impeachment of Judge Robert W. Archbald of the commerce court. If the wishes of the majority of the senate prevail, and the trial goes over until November or December, it is expected that legislation can be hastened so that an adjournment may be reached August 10 or August 15.

The house will be called upon during the week to vote on the report of its elections committee, recommending that Representative Theron C. Catlin of Missouri be ousted because too much money was spent by his relatives in his election. Democrats of the house are expected to support the committee report.

### Booher's Home Endorsement.

At the primaries in August, 1910, Hon. M. G. Moran, Hon. William E. Spratt and Charles F. Booher were the candidates for congress. Hon. M. G. Moran is one of the ablest orators in the state. Hon. Wm. E. Spratt is an able Democrat, was twice elected mayor of St. Joseph, and, like Moran, had many personal friends and acquaintances among the Democrats in Andrew county. However, everybody in Andrew county was well acquainted with Charley Booher, and among the Democrats who went to the polls in the entire county only thirty-one were willing to vote for either Moran or Spratt, notwithstanding each had a large personal acquaintance. Every Democrat who went to the polls at the primary in Andrew county in 1910 except thirty-one, voted for Mr. Booher.

If Mr. Booher had not been a big hearted, kind, generous gentleman of the best character and habits; if he had ever been guilty of an unmanly act; if his public and private life had not been above reproach; if he had ever been unjust to friend or foe; and certainly as an active Democrat who had been in politics all his life, if he had ever failed to support any Democratic nominee or been disloyal to his party there would have been more than thirty-one Democrats in the entire county willing to vote for either Moran or Spratt.

The Democrat insists that no public man in any political party in these United States ever had such an endorsement from his neighbors when he had opposing candidates against him of high character and ability. This alone is a complete answer to all that can be said against Mr. Booher. This race attracted attention among Mr. Booher's associates in congress and all agreed that it was worth the labors of a life time. It is not believed that thirty-one Democrats can be found in Andrew county who will vote against him at the primaries on August 6, 1912.—Savannah Democrat.—(Adv.)

## HIGH WINDS SWEEP COAST

Caused Heavy Damage and Loss of  
Life at Many Points.

### ATLANTIC CITY HAS TORNADO

Wind Picked Up Temporary Convention Hall and Smashed it Down in Private Garden—Bellevue Hospital Dark.

New York, July 22.—Severe rainstorms accompanied by high winds in some localities and involving loss of life at widely separated points, swept all New England down the coast as far as the Virginia capes and westward to Pittsburg.

At Wilmington, Del., two persons were drowned; in New York a man was drowned on the roof of a 12 story building and in Pittsburg one man met death.

All told thousands of dollars worth of property was destroyed by the unexpected storm.

In Atlantic City a miniature tornado swept the resort from six to seven o'clock, attaining a velocity of 60 miles an hour.

### Many Injured.

Many persons were injured and others had narrow escapes. The gale played havoc with shipping in general, the beach front, trees, windows, awnings, shutters and doors. Mayor Riddle and his family were caught up in the thoroughfare in their cruiser but managed to reach shore safely.

The Hotelmen's association suffered the heaviest loss when the tornado swept under a huge temporary convention hall on the million dollar pier. It lifted it bodily and hurled the debris on the Venetian villa of Capt. John L. Young, half way out to the end of the pier.

Venetian statues about the gardens of the villa were all destroyed and the garden itself torn up. Timely assistance rendered by the Atlantic City life saving crew averted a catastrophe just above the inlet when a party on the launch Marie Wawa were stalled in the worst part of the current by a balky engine.

The heavy downpour put Bellevue hospital in darkness until 8 o'clock at night and lightning made a spectacular display in Jamaica, killing one horse.

In addition to the death of one man in Pittsburg the trolley lines were forced to suspend operation, railroads were washed out and many basements flooded.

### Yachts Were Capsized.

Baltimore, Md., July 22.—A furious wind storm accompanied by a deluge of rain, swept over western and northern Maryland late in the evening. In Baltimore houses were unroofed, shutters ripped off, skylights and window sashes blown in and trees uprooted.

On the Patapsco river and in the bay several yachts and other sailing crafts were capsized. It is reported that several persons were drowned.

Crops on the truck farms in Baltimore and Anne Arundel counties were washed out, causing heavy losses to the farmers.

In Carroll and Washington counties and in Cecil county and suburbs of this city the wind blew with velocity of a tornado.

### CHAUTAUQUAS FUSS OVER BRYAN

Nebraskan Withdrawn From Missouri Program—Division of Opinion Causes Friction.

Montgomery, Mo., July 22.—A telegram from the managers of the Redpath Chautauqua bureau to the local paper here authorizes the erasure of the name of W. J. Bryan from the program to be given here in August. Last week when the program came with Mr. Bryan's name as one of the speakers it created quite a furore in this part of Mr. Clark's home district, and the local committee sent a request that Mr. Bryan be eliminated as one of the attractions at the big Chautauqua here. A great many claim that Bryan would be a greater drawing card now than ever and want the local committee to reconsider and request that Bryan be sent in spite of the criticism that followed the Baltimore convention.

### Oklahoma Girl to Fly.

Guthrie, Ok., July 22.—Miss Marguerite Barringer, daughter of Mrs. William Barringer is to become a professional aeronaut. She made her debut at the new aviation field at Hempstead, N. Y., during the past week, when she took several miles flight with George W. Beatty, a Wright student.

### Loved Film Heroine.

Omaha, July 22.—An insane love for the heroine of a moving picture drama is said to have driven Fred Anderson, 75 years old, to suicide. Anderson, whose home is at Wahoo, a suburb of this city, was found dead from illuminating gas.

### Caught in a Hay Baler.

Phillipsburg, Kan., July 22.—While baling alfalfa the 19-year-old son of Gear Swim, a farmer, was caught in the machine and one leg was so badly torn that amputation may be necessary.

### HERMAN ROSENTHAL.

New York gambler informer, who was shot to death in the midst of a great Broadway crowd. It is said the police department is more or less involved in the matter.

### WILL REMOVE WARTIME RELIC

COURTHOUSE AT CASSVILLE OLD EST IN MISSOURI.

New Building Will Take Place of One Used by Confederate Legislature in 1861.

Cassville, Mo., July 22.—By voting bonds for \$10,000 to which will be added a bonus of \$10,000 collected by the citizens of Cassville, Barry county is to have a new courthouse and the old building, which is a relic of the Civil war, will pass into history.

The old courthouse was used by both the Union and Confederate armies. The building was first used by the Confederates as a meeting place for the legislature which was convened here October 31, 1861, after being driven out of Neosho by the approach of the Federal army.

It was at this session the state was seceded from the Union and much other important business was transacted. The articles of secession were written and introduced by the late Senator George Graham Vest.

During the meeting of the legislature the command of Gen. Sterling Price was stationed on Fort Hill, on which is now located the Cassville high school building.

The old courthouse is perhaps the oldest one in the state, having been constructed in 1854. At this time the building was composed of but two stories. A third story was added later. The courthouse was used by Federal troops, after having been occupied by the Confederates, for a storeroom and later turned into a fort, logs being rolled at the outer edge of the yard. Portholes also were cut in the building. The Federals, with a large force, controlled the town, which was a gateway into Arkansas and the South.

### MRS GRACE FACES HER ACCUSER

Trial of Atlanta Woman for Shooting Her Husband Promises to be Sensational.

Atlanta, Ga., July 22.—What promises to be one of the most sensational trials ever held in this city opened today when Mrs. Daisy Ulrich Opie Grace was brought into court charged with shooting her husband, Eugene H. Grace, on March 5th inst. as he lay asleep in his home in this city.

A feature of the trial is the presence of the accusing husband, who sits in the courtroom in an invalid chair, with the lower part of his body paralyzed, aiding in the prosecution of his wife, who, he says, shot him to obtain \$50,000 insurance he had taken out on his life for her benefit. The circumstances surrounding this strange case give it a romantic air of mystery.

### TWO INJURED IN HIGH DIVING

St. Joseph Boy, With Back Broken, Expected to Recover—Friend Jumped into Shallow Water.

St. Joseph, Mo., July 22.—With his back broken as a result of a dive into a pond, Howard Million, 20 years old, is expected to recover. The young man was seeing how high he could dive and in his efforts to get to a greater height than his companions, climbed into the branch of a tree. On his last jump he miscalculated the distance and hit head first into a mud bank. An X-ray examination located the fracture and an operation was performed.

By a peculiar coincidence at the same hospital is Norman Mueller, who broke his neck when he dived into shallow water and struck his head against the bottom.

### Big Keokuk Dam Closed.

Keokuk, Ia., July 22.—The last gap in the construction of the Mississippi Power company's dam across the river at this place was closed and for the first time in its history the Mississippi is throttled at one of its widest points. The last crib for the foundation of the cement work was completed against the Iowa side of the project.
